# My Why

The most important thing to me, is family. As the years go on and time with loved ones becomes something that takes intentional time and effort to plan, I get that planning a family photoshoot isn't your top priority.

What you need to know is that I understand the importance of having moments captured, because they become the memories we take away with us as the years go on.

We chanced the sketchy change in forecast (thanks Melbourne!) for a family photoshoot as my sister from Interstate was visiting for Easter with my newest nephew. We piled in to the car, umbrellas in tow, snacks, toys and water packed and had a session (without a drop of rain!)

There will always be a reason to put off getting photos with your loved ones, but there are *always* more reasons to do the thing, to celebrate the present, to freeze the current moment with your special people, because we already know how truly fleeting it all is.

Book the shoot because you can.  
Because you're here, now, together.

"GOD I LOVE THESE! I'VE BEEN SHOWING MY GIRLFRIENDS THE MAGIC YOU CAPTURED AND THEY'RE IN AWE"

# YOU HAVE QUESTIONS. I HAVE ANSWERS

**Q: When is the best time for our session?**

A: In-home session times are flexible, to best suit your morning routine or at a preferred time. For outdoor sessions, I love to shoot in the late afternoon sun, commonly referred to as 'golden hour', which falls an hour or so before sunset.

**Q: Where will our session be?**

A: In different rooms of your home and surrounding areas such as your garden or front yard. We can discuss in more detail depending on what you'd like captured. I am local to Melbourne and can also recommend some beautiful parks or beaches if you are looking for an alternative location.

**Q: Do you travel for your sessions?**

A: I do! Whilst there are a wide variety of locations to shoot at in our beautiful city, travel can be arranged at an additional cost, based on location.

**Q: Will you help us print our photos?**

A: Attached to your online gallery, you will find a print store based in Australia. It's a family-owned business and your chosen products ship directly to your home. Their quality is incredible! The difference in quality is huge when it comes to ordering through a professional lab, so I always love to help by offering this service to my clients.

**Q: Will my photos be posted publicly on your website or social media?**

A: I respect your privacy and allow each client to decide whether or not they want their photos displayed publicly.

**Q: Will you Photoshop my images to remove any double chins, wrinkles, etc?**

A: Minor edits such as colour correction consistent to my editing style will be made to each of the images I will deliver to you. You can be assured that attention to detail goes into my editing. I also only choose to edit images that capture your connection, so if that includes a double chin because you're laughing your head off, I am here for it!

**Q: How do we lock you in?**

A: Reply via email to let me know you'd like to lock in a session. From here, a 50% deposit and signed digital contract is required to get your session locked in. The remainder of your balance is due two weeks prior to your session.
